Interdisciplinary Minor Minor in Horses, Humans and Health

This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to individual needs. Students may complete this minor by taking 18 hours (including prerequisites) as indicated below.

Minor Requirements..... 18 Hours

Required:

OTS 205 (Horse and Human Co-Occupation).....	3
