SCHOLARSHIP AND PROFESSIONAL SERVICE
2016/2017 Annual Report

INTRODUCTION

This report contains 2014-2015 scholarship and professional service outcomes by faculty in the ECU Department of Occupational Therapy. The report may include dates other than the current year to reflect changes in publication schedules and funding changes.

The report does not contain committee and other service to the university, research and manuscripts in progress, teaching assignments, guest teaching or guest lectures at ECU, undergraduate and graduate student advising, and proposals/manuscripts in progress or continuing education. The report does not contain scholarship and professional service previously reported. The report does not include 2014-2015 Research Day contributions. Readers are invited to view reports from previous years and related documents on the department website that includes this information.

Please contact individual faculty members via the university website email for additional information about their scholarship, professional service, and related ECU activities. Availability for guest lectures and collaboration in areas of professional interest and expertise is at the discretion of individual faculty
