

Horses, Humans and Health

Interdisciplinary Minor

This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to their individual needs and interests.

Students complete this minor by taking 18 credit hours (including pre-requisites) as indicated below:

Minor Requirements 18 Hours

Required:	
OTS 205 (Horse Human Co-Occupation)	3 Credits
